

Stieber was founded in Munich in 1937 and is now a medium-sized company employing 140 people at its locations in Heidelberg and Garching near Munich. Stieber can reflect on numerous innovative developments during the course of the company's history; innovations that have made it the European market leader. Stieber proved its technical ability once again during the development and design of the largest backstop in the world, for example. Stieber products are marketed in North America by Formsprag Clutch in Warren, MI providing complete technical and quotation support.
